

Sandpiper Hill Cottage

WEBCAM INSTRUCTIONS

Welcome to SandpiperCam. To have access to the camera, you will need a Log In ID and password. Please email us at sandpiperhill@aol.com to obtain your access credentials.

System Requirements:

PC running Windows Internet Explorer 6.0 or higher
Not compatible with Macs

To access the camera:

CAMERA HOURS: 6 am to 8 pm

1. Click on this link: [SandpiperCam](#)
or set your browser to <http://sandpiper100.viewnetcam.com:50000/CgiStart?>
2. At Log-on Screen. Enter your User name: _____ and Password: _____
(Please do not share your user name or password outside your family)
3. Wait for a notice regarding a small application download from Panasonic.
4. Accept the download. This is a one-time only download.
5. When the notice appears, press spacebar or Enter key to view live picture.
6. Navigate around the harbor using Pan/Tilt or Preset View Buttons for Town Pier, The Gut, Beach Stairs, etc. You can even zoom with the wheel on your mouse.
7. For the first 60 seconds, the image will be live video. Afterward, it changes to still images updated every 30 seconds. To restore live video, close your browser and log-in again.
8. If the camera view moves unexpectedly, it's because another enthusiast is also using the system.
9. Let us know what you think. Enjoy
